- Information on the nature of projects financed from the Industrial Development Fund, contained in the Annual Report of UNIDO, 1992 (IDB.11/10-PBC.9/10, chap. III, paras. 129-137, and appendix G)

- Lists of projects approved under the Industrial Development Fund (IDF) (PBC.9/CRP.1)

(e) Working Capital Fund

Financial Regulation 5.4 stipulates that, upon recommendation of the PBC and subsequently the Board, the Conference shall determine the amount and purposes of the Working Capital Fund.

At its fourth session, the General Conference decided (decision GC.4/Dec.16) that the level of the Working Capital Fund should be $9 million and that the authorized purposes of the Fund for the 1992-1993 biennium should remain the same as for previous bienniums (see decision GC.2/Dec.27).

(f) Joint United Nations/UNIDO conference service

At its eighth session in 1991 the Board, having taken note of the reports of the Director-General of UNIDO and the Secretary-General of the United Nations on the subject, recommended that any change in the conference service arrangements for the Vienna-based organizations would need to be examined in the light of the efficiency, economy and quality of services it would bring, and decided to defer action regarding the unified conference service arrangements for the Vienna-based organizations until the relevant organizations had had the opportunity to study the detailed cost analysis (decision IDB.8/Dec.38).

In its decision GC.4/Dec.20, the General Conference endorsed the position of the Board and recommended to the General Assembly of the United Nations that it accordingly defer action affecting the status of the joint UNIDO-United Nations conference services. It also requested the Director-General to continue consultations with the United Nations Office at Vienna and the International Atomic Energy Agency on the most efficient and cost-effective conference service arrangements at the Vienna International Centre and to report to the Board at its eleventh session on the conclusions of those consultations.

The proposals of the Director-General for the programme and budgets, 1994-1995 originally submitted to the PBC at its ninth session in April 1993 (IDB.11/2-PBC.9/2, para. 42) assume that the joint language and documentation services of UNOV and UNIDO will continue to be managed by UNIDO in that biennium and that the financial arrangements for administrative services will thus remain in place for the full biennium. Provisions were therefore made in those proposals for the continuation of the present arrangement. Pending any relevant development in the ongoing negotiations, those provisions will also be reflected in the revised proposals to be submitted to the resumed session of the PBC (see sub-item (c) above).

The Board will have before it:

- Joint United Nations/UNIDO conference service. Report by the Director-General (IDB.11/21)

(g) Appointment of External Auditor

In accordance with financial regulation 11.1, an External Auditor, who shall be Auditor-General (or an officer exercising an equivalent function) of a Member State, shall be appointed in the manner and for the period decided by the Conference. On the basis of recommendations by the PBC and the Board, the General Conference by decision GC.1/Dec.34 appointed the Senior President of the Audit Office of Belgium as the External Auditor for UNIDO for a period of two years beginning on 1 July 1986 and subsequently (GC.2/Dec.28, GC.3/Dec.22 and GC.4/Dec.17) extended that appointment until 30 June 1994.

The PBC in its conclusion 93/8 invited all Member States interested in providing the services of an external auditor for the period 1 July 1994 to 30 June 1996 to inform the Director-General of such interest by 31 May 1993, so that he could bring it to the attention of the Board at its eleventh session.

The Board will have before it:

- Candidatures for the appointment of an external auditor. Report by the Director-General (IDB.11/22)

(h) Electronic data-processing programme

In its decision GC.4/Dec.18, paragraph (h), the General Conference at its fourth session requested the Director-General, with a view to ensuring the transparency of all operations concerning the electronic data-processing (EDP) programme and avoiding a repetition of past difficulties, to report to the subsequent sessions of the policy-making organs on the programme and cost of implementing the consultants' recommendations and the recommendations of the External Auditor, as contained in documents GC.4/50 and GC.4/CRP.1, especially those concerning the disaster recovery plan, the organizational and functional changes and the internal control and evaluation of automation projects. It also requested the Director-General to keep Member States fully apprised of the EDP programme by quarterly briefings and informal notes (GC.4/Dec.18, para. (i)). Such briefings have taken place on a regular basis and progress reports were submitted to the eighth and ninth sessions of the PBC (PBC.8/15, PBC.8/CRP.2 and PBC.9/6) and the ninth and tenth sessions of the Board (IDB.9/12 and IDB.10/30).

The Board will have before it:

- Electronic data-processing programme. Report by the Director-General (IDB.11/23)

(i) UNIDO Country Director programme

The Governing Council of the United Nations Development Programme (UNDP) in its decision 91/34 on sectoral support invited the Industrial Development Board to address the question of the financing of the UNIDO Country Director (UCD) programme in the light of the successor arrangements to support costs.

At its eighth session, in its decision IDB.8/Dec.14, the Board, having considered that the successor arrangements for sectoral support might affect the financing of UCDs from the UNIDO operational budget, requested the Director-General to pursue his consultations with the Administrator of UNDP on the system of sharing financing of the UCD programme, so that the target of 50 posts could be reached in the near future, and to keep Member States informed of the progress of the implementation of the programme.

Subsequently, at its fourth session, the General Conference in resolution GC.4/Res.4 requested the Director-General: (a) to prepare a study on the modalities of setting up a close

working relationship among the UCDs of the same subregion in order to strengthen the role of the UCDs; (b) to increase the number of UCDs in order to reach the target set in Board decision IDB.8/Dec.14; and (c) to report on the possibilities of strengthening the country focus, while strengthening the advisory role of UCDs in project planning, development and evaluation. The Board at its tenth session (decision IDB.10/Dec.11), having taken note with deep concern of the information on the financial situation of the UCD programme, requested the Director-General to continue negotiations with UNDP on the most appropriate financing arrangements, and invited the Governing Council of UNDP at its February 1993 session if possible, to consider the need for and possibility of increasing the annual allocation as of 1993 for the UCD programme to permit at least the maintenance of the present number of UCD posts, and preferably to increase the number of UCD posts to reach the target established.

The Director-General was requested to report, through the PBC, to the Board at its eleventh session on the financing of UCD posts and the follow-up to the decision IDB.10/Dec.11.

The Board will have before it:

- PBC conclusion 93/9 on the UNIDO Country Director programme (IDB.11/15, para. 26)

(j) Financial situation of UNIDO

The financial situation of UNIDO was considered by the PBC at its eighth session. On that occasion, the Committee adopted conclusion 92/5 in which it requested the Director-General to take necessary measures to balance the operational budget as soon as possible but at the latest by the end of 1993 through inter alia: (a) economies and greater efficiency; (b) reduction of staff through normal attrition, in compliance with staff regulation 10.2, or separation, or other appropriate measures; (c) appropriate utilization of the accumulated uncommitted reserve under the operational budget; (d) the establishment of a system of regular monitoring in line with financial regulation 4.1(c), as endorsed in General Conference resolution GC.4/Res.23, and the issuance of authorized allotments only if there is a reasonable assurance of resources available to support it. The PBC also requested the Director-General, when taking measures to balance the operational budget, to preserve the capacity of the Organization for technical cooperation delivery and to take due account of the need for equitable geographical distribution of the staffing of the Secretariat.

Subsequently, the Board at its tenth session (decision IDB.10/Dec.6) endorsed PBC conclusion 92/5 and requested the Director-General, in complying with the above requests, to give particular attention to the substantive areas of the Organization and exert his utmost to minimize the administrative and support expenses. The Board further requested the Director-General, in view of the severe financial situation of the Organization and with reference to resolution GC.4/Res.27, paragraph 4, to present to the PBC at its ninth session a plan of action with options for balancing the 1992-1993 regular budget disbursements with cash income and operational budget expenditure with expected income. The Director-General was also requested to report on progress achieved in the implementation of those measures to the Board at its eleventh session, through the Committee at its ninth session. The recommendations of the Committee to the Board are contained in PBC conclusion 93/2.

At the same time, the Board adopted decision IDB.10/Dec.8 in which it: (a) took note of the report of the Chairman of the PBC on his informal consultations concerning the relative priorities within the medium-term plan activities (IDB.10/29); (b) noted that the latter report could, together with other contributions, offer a basis for further consultations; and (c) requested the President of the Board to conduct informal consultations to study the relative priorities within the medium-term plan activities, 1994-1999, bearing in mind the financial and technical capacity of UNIDO, and report to the Board at its eleventh session.

Item 10. UNIDO's activities in the field of restructuring, including privatization

The inclusion of this supplementary item in the provisional agenda of the current session of the Board has been proposed by the Permanent Representative of India in accordance with rule 12 of the rules of procedure of the Board. The request is supported by the following statement:

"...

"... We had received some information on UNIDO's activities in the field of privatization, at a briefing meeting on 11 December 1992 attended by officials from UNIDO's Industrial Institutions and Services Division and other branches. It was however, recognised that member states were not generally aware of the range of activities being carried out, and that a discussion of UNIDO actions in the field of privatization could provide useful ideas and guidance for future work.

"Meanwhile, the 47th UN General Assembly has unanimously adopted a resolution on "privatization in the context of economic restructuring, economic growth and sustainable development" ... [resolution 47/171]. The resolution, inter-alia, urges organisations in the UN system to strengthen their activities and improve coordination of efforts in supporting member-states actions in the field of privatization and public sector reform. It is significant that the resolution was adopted unanimously.

"... We would, therefore, request that this [an item on restructuring, including privatization] be appropriately reflected in the provisional agenda. We would also expect the Secretariat to provide a report giving information on UNIDO's activities in the field of privatization, including ongoing activities, as well as activities planned for the 1994-95 biennium."

- UNIDO activities in the field of restructuring, including privatization. Report by the Director-General (IDB.11/24)
